TO PROPOSED EQUITY PARTNER:

**[Recipient's Full Legal Name]**
Address: **[Recipient's Complete Residential Address]**
Official Email: **[Recipient's Email Address]**

**Subject: Formal Offer for 15% Equity Partnership in Pixelix**

Dear [Recipient's Name],

On behalf of the founding and promoter team of **Pixelix**, we are pleased to formally extend this opportunity to join our organization as a **Strategic Equity Partner**, with a proposed ownership interest of **15% (Fifteen Percent) in Pixelix**, subject to the terms, conditions, corporate approvals and definitive legal agreements described in this letter.

We believe that your specialized skills, dedication, professional contribution and shared strategic vision will play a pivotal role in the long-term scalability, commercial expansion and institutional development of Pixelix.

This partnership is intended to establish an enduring, collaborative business relationship wherein all partners actively contribute towards building, expanding and strengthening the enterprise.

## 1 ABOUT PIXELIX

Pixelix is a creative and digital solutions company focused on empowering high-performing businesses to establish commanding brand identities, strengthen digital presence, automate complex workflows, and achieve sustainable commercial growth.

Our multidisciplinary capabilities engineered under one unified agency roof include:

- Brand Identity & Creative Systems
- AI Integration & Agentic Automation
- Amazon, Flipkart & Meesho Mgmt
- Vector Logo Suites & Master PDFs
- Business Growth & Tech Consulting
- Bespoke Web & Application Dev
- E-Commerce & Quick-Com Operations
- Digital Growth & Omnichannel Mktg
- Interactive 3D Web Experiences
- Logistics, Order & Catalog Pipeline

Our founding vision is to establish Pixelix as the preeminent creative and technology partner for modern growth-stage companies across India and international markets.

## 2 FOUNDING & PROMOTER TEAM

Pixelix is spearheaded by its founding and promoter leadership:

**Founder / Promoter 1: Vikas Chauhan** — *Founder*
Responsibilities: Business vision, strategic planning, client acquisitions, executive leadership, institutional partnerships, and organizational growth.

**Co-Founder / Promoter 2: Shubham Singh** — *Co-Founder*
Responsibilities: Technology architecture, digital engineering, full-stack dev, 3D motion systems, technical infrastructure, and business execution.

**Proposed Equity Partner: [Recipient's Full Name]** — *Strategic Equity Partner (15% Proposed Ownership)*
Responsibilities: Strategic business development, departmental leadership, and mutually agreed operational milestones.

*The exact executive management titles and delegated authority matrices shall be formally documented and mutually ratified in the definitive agreements.*

## 3 EQUITY OWNERSHIP OFFER – 15%

Pixelix is pleased to propose an equity ownership interest of:

> **15% (Fifteen Percent) of the Company's Fully Diluted Post-Issue Equity Share Capital.**

The proposed 15% equity participation shall be strictly subject to and conditional upon:

1. Formal written acceptance of this offer letter by the specified deadline.
2. Finalization and mutual sign-off on the recipient's departmental responsibilities, performance milestones, and expected professional commitment.

3. Completion of applicable statutory company valuation and compliant share-allotment processes under applicable company laws.
4. Formal approval by the Board of Directors and existing shareholders wherever required by corporate charter.
5. Execution of a comprehensive Shareholders' Agreement (SHA), Share Subscription Agreement (SSA), and ancillary governance instruments.
6. Completion of all regulatory, tax, and statutory filings for issuing and allotting the equity shares.

The exact volume and class of shares constituting 15% shall be determined in alignment with the company's authorized capital structure and certified valuation. Ownership shall take legal effect only upon formal entry of the recipient's name in the statutory Register of Members.

## 4 ROLE AND STRATEGIC RESPONSIBILITIES

As a Strategic Equity Partner, you will actively collaborate with the promoters and lead crucial growth verticals for Pixelix. Your primary responsibilities shall encompass:

- Spearheading client relationship pipelines and closing new enterprise business opportunities.
- Participating in strategic business reviews, financial planning, and operational goal setting.
- Driving innovation, quality benchmarks, and scalability across company offerings.
- Fostering institutional integrity, transparency, accountability, and ethical business conduct.
- Representing Pixelix at industry forums, vendor negotiations, and prospective client presentations.

A granular schedule detailing departmental KPIs, reporting rhythms, and review intervals shall be annexed to the definitive agreements.

## 5 EQUITY VESTING AND CONTRIBUTION TERMS

To align long-term incentives and safeguard enterprise stability, the 15% equity participation shall follow an agreed vesting and performance framework. The definitive documentation shall formally establish:

- Whether the 15% interest is allotted upfront subject to clawback, or earned progressively over an agreed timeline.
- Objective milestone thresholds tied to business expansion, financial milestones, or operational deliverables.
- Vesting commencement date, cliff periods, and quarterly/annual vesting increments.
- Clear legal treatment of unvested equity in the event of voluntary departure, termination for cause, or retirement.

**Proposed Framework:**
**Four-year vesting schedule with a one-year cliff (25% vesting after 12 months, followed by equal quarterly vesting over 36 months)**
, or alternative milestone structure as mutually agreed in writing.

## 6 RIGHTS AND BENEFITS OF THE EQUITY PARTNER

Upon valid allotment and statutory registration, the partner shall enjoy customary shareholder rights attached to their equity class:

### A. OWNERSHIP RIGHTS

Unencumbered legal ownership of the allotted 15% equity interest, subject to constitutional documents.

### B. PRO-RATA DIVIDEND RIGHTS

Entitlement to receive dividends proportionate to a 15% shareholding whenever lawful dividends are declared and distributed by the Board.

### C. VOTING & GOVERNANCE RIGHTS

Statutory voting rights in general meetings proportionate to shareholding, as governed by the Articles of Association.

### D. STRATEGIC BUSINESS PARTICIPATION

Direct participation in senior leadership deliberations, quarterly business appraisals, and strategic decision forums.

### E. FINANCIAL TRANSPARENCY

Periodic access to unaudited quarterly financial summaries, annual audited statements, and major corporate development updates.

## 7 FUTURE FUNDING AND DILUTION PRINCIPLES

As Pixelix scales, capital expansion, strategic venture funding, debt syndication, or issuance of ESOP pools may be warranted. Under such circumstances:

- The partner's 15% holding shall be subject to proportionate, equitable dilution alongside all existing promoters and shareholders.
- The partner shall be granted customary pre-emptive rights to participate in future rounds on equal footing (pari passu) to preserve percentage holding.
- The 15% offer does not constitute a permanent, non-dilutable stake in the event of third-party external investment.

## 8 CONFIDENTIALITY & INTELLECTUAL PROPERTY

The equity partner shall hold in strict fiduciary trust all proprietary algorithms, client rosters, financial models, custom source code, brand assets, and trade secrets belonging to Pixelix.

All works, inventions, intellectual properties, and designs generated in connection with Pixelix services shall vest solely and perpetually with Pixelix under a standard IP Assignment Agreement.

## 9 EXIT, TRANSFER, ROFR & WITHDRAWAL GOVERNANCE

To preserve company cohesion, equity shares cannot be pledged, mortgaged, sold, or transferred to third parties without triggering the statutory **Right of First Refusal (ROFR)** in favor of existing promoters.

The definitive SHA shall clearly codify buyback provisions, tag-along/drag-along rights, valuation formulas certified by registered valuers, and clear mechanisms governing retirement, disability, or breach of

obligations.

## 10 REMUNERATION & INDEPENDENT COMPENSATION

The proposed 15% equity participation represents an ownership stake in the enterprise and is independent of any salary, consulting stipend, performance commission, or out-of-pocket reimbursements. Operating compensation shall be agreed upon and documented via a separate employment or consultancy contract.

## 11 CORPORATE GOVERNANCE & RESERVED MATTERS

Major corporate transactions—including alterations to share capital, onboarding outside venture investors, mergers, or material asset liquidations—shall be subject to affirmative voting covenants defined in the Shareholders' Agreement. A 15% equity stake does not automatically confer an independent veto over routine day-to-day operations.

## 12 ACCEPTANCE PROCEDURE & REQUIRED KYC

To accept this in-principle offer and initiate definitive legal drafting, the recipient is requested to furnish:

1. Signed copy of this Offer Acceptance by the specified deadline (**15 November 2026**).
2. Self-attested KYC documents (PAN Card, Aadhaar Card / Passport, Proof of Residence).
3. Mutual sign-off on the operational responsibilities and vesting schedule schedule.

*This document represents an in-principle commercial framework and does not by itself effect statutory allotment. Allotment shall be concluded through definitive documentation and Registrar of Companies (ROC) filings.*

## 13 CLOSING STATEMENT & VISION

At Pixelix, we believe that world-class enterprises are built upon high-trust partnerships, shared ambition, transparent governance, and relentless execution. We are genuinely excited about the prospect of welcoming you to our leadership table as an Equity Partner.

**Together, Let's Create. Innovate. Grow.**
